

Words from David and June Stephenson new owners at Rabaska October 2008

We asked David and June how they felt when they walked into their new home for the first time:

"Absolutely shattered after our long journey, (from the UK) but these feelings were soon dispelled! We were delighted with the overall feel and spaciousness of the property. We felt we were walking into a 'Home away from Home'. The house felt like ours from the minute we walked in the front door.

We felt that the house had been finished and furnished to a high standard with attention to detail throughout. We could see that care and attention had gone into the building and design process."

"It's always nerve-wracking to buy something not fully completed, but having seen the Trappeur show house, we had good vibes about the final product and we were not disappointed."

...and about their first stay in Mont-Tremblant

"We loved it from the minute we arrived. Despite having some essential business to deal with, we balanced this with relaxing in our new home and exploring the beautiful surrounding area. We can't wait to return and bring our family and friends in the future. There really is something for everyone and the people are so friendly. We feel very fortunate to have a second home in such a lovely place."

Their comments about us as developer:

"We felt that every member of the Rabaska team was very helpful throughout the whole process. No detail was too small for them to give their attention to. We established a very good relationship with them and found them all to be very approachable, even though we are thousands of miles away!!"

...and finally, about their choice to manage their own rentals

"It's a hard decision to make. I suppose we are in the lucky position that we do not need to have the property rented out all the time. We will manage the rental side ourselves for the first year and then see what transpires.

Hope this is helpful. The sentiments are heartfelt; as we said before we left, we are very happy with the service you have given us!"

Sincerely, David and June
